## NOTES

\*) The following definitions apply:

Manufacturer:

A company with manufacturing capacity, situated at a stated location or stated locations, that carries out or controls such stages in the manufacture, assessment, handling and storage of a product that enables it to accept responsibility for continued compliance of the product with the relevant requirements and undertakes all obligations in that connection.

There is no restriction regarding the country where the manufacturer or the manufacturing site of the product is located for applying for an ENEC+ licence.

Location Testing Laboratory:

Testing of products will take place worldwide.

Europe:

CENELEC member and affiliated countries.

### **List of limitations**

Item P:                      Only products bearing the ENEC mark are eligible to the ENEC+ Mark.
